TV UNIVERSITIES

The Cyprus Universities Sports Federation and the University of Cyprus have moved along to an innovatory and advanced idea and its realization. It's an idea which has been operating the last year in Cyprus for our University Championships, with great results.

This idea is contained in our effort to cover on television the contests or screenshots from all the contests and to transmit them all over the world, online, through the website www.tvuniversities.com.

In this way, those who are interested can watch the screenshots and contests of the 5th European Universities Handball Championship on the internet from any part of the world they are.
